## TESTIMONIALS

*"My four kids have been attending Robinson's Karate for five years and have loved it. The instructors are kind and patient. During this last year we decided to try the online program due to Covid. This has been a great option for our family. The kids still get to take a class they love, but in the comfort of our home. They still feel like a part of the class and are still expected to have the answers when called upon. I would highly recommend this option to anyone who is unable to be 'in person' at this time."*

— Erica Holderle

*"Our son has been attending Robinson's Karate for several years and when COVID hit we were worried about how he would continue. Steve quickly put together an online program with live Zoom classes and supplemental pre-recorded videos. Through these virtual offerings, our son has been able to stay engaged with his karate lessons. Steve has been super flexible to meet our family's needs and has been great about keeping his online students on track. Even though the virtual offerings have worked out well for our family during this time, we can't wait to get our son back to Robinson's Karate classes in-person!"*
